

WORKGROUP MICR PRINTERS | APPLICATION FIT

The complete MICR check printing solution

Three workgroup MICR printers, matched to how many checks you print and how you print them. Every one carries guaranteed MICR performance, backed by our engineering and service.

INSIDE

- SP 8400DNM: the light-production workhorse
- P 501M: our most popular desktop model
- P 311M: entry-level MICR with an all-in-one cartridge

THE BOTTOM LINE

Pick the printer by volume. The SP 8400DNM handles light production at 53,000 pages a month. The P 501M fits businesses printing fewer than 10,000 checks a month. The P 311M is the desktop light-duty choice at 5,800 pages a month.

APPLICATION FIT

One workgroup line for every check application

MICR check printing for every business need, including:

- Payroll
- Refund checks
- Accounts payable
- Insurance claims checks
- IRD printing
- Marketing incentive check applications

	SP 8400DNM	P 501M	P 311M
Recommended monthly impressions	Light production, 53,000 pages/mo.	Medium volume, compact desktop unit, 10,000 pages/month	Desktop light-duty MICR, 5,800 pages/mo.
Speed	60 ppm	45 ppm	34 ppm
Dimensions (W x D x H)	23.1" x 25.7" x 28.3"	14.76" x 16.2" x 12.2"	14.6" x 15.4" x 10.3"
Weight	125.6 lbs.	42.5 lbs	28.7 lbs.
Cost per page	Just over a penny	Under four cents	Low-cost per page (PCL or PostScript® emulation)

Guaranteed MICR performance

Every printer in our workgroup suite carries guaranteed MICR performance, backed by our engineering and service.

SP 8400DNM

Black and white, high speed, low cost MICR workhorse

You do a lot of printing but do not need production equipment. With a cost per page just over a penny, the SP 8400DNM is both efficient and cost-effective, and its multiple paper feed options give you versatility you have not even thought of yet. It is a floor-model workhorse with multiple paper tray configurations and finishing options.

60 ppm

Print speed

53,000

Recommended pages per month, light production

4,000

Sheets of expandable media supply

- Ready to take on all types of mission-critical applications, including IPDS printing. Excellent for check-intensive environments that cannot justify production-class MICR equipment: banks and credit unions, payroll companies, insurers printing claim checks with EOBs, commercial printers, corporate data centers and service bureaus.
- Expandable media supply up to 4,000 sheets, with paper size up to 11 x 17 inches.
- Integrated duplexing at 100% productivity.
- Intelligent Printer Data Stream (IPDS) optional.
- Genuine Adobe PostScript 3® optional.
- Intuitive 10.1" Smart Operation Panel.
- Includes our certified E13B and CMC-7 MICR fonts.
- Model details: 60 ppm, 23.1" x 25.7" x 28.3" (W x D x H), 125.6 lbs.

P 501M

Mid-range flexibility, and our most popular desktop model

The P 501M is built for businesses that print fewer than 10,000 checks per month and want flexibility. It can be configured for IPDS and PDF Direct output, and with some additional configuration it can output optional printer-resident signatures or custom MICR fonts. It is our most popular desktop model, at a cost per page under four cents.

45 ppm

Print speed

10,000

Recommended pages per month,
medium volume

1200 x 1200

dpi LED imaging

- 1200 x 1200 dpi LED imaging meets or exceeds American National Standards Institute, American Bankers Association and Canadian Payments Association standards.
- Paper standard: 500-sheet paper tray, 100-sheet bypass, 250-sheet output.
- Paper options: add up to 3 paper trays for a total of 4 trays.
- Multi-layered security: built-in network and data security features include user authentication and encryption. A locked paper tray and locked printing are optional.
- Included: printer- or server-resident MICR font and a 3,000-impression MICR toner cartridge (based on ISO standard).
- Genuine Adobe PostScript 3® and IPDS are optional.
- Switch the toner and photoconductor drum unit (PCDU) to swap between MICR and standard printing.
- Model details: 45 ppm, 14.76" x 16.2" x 12.2" (W x D x H), 42.5 lbs.

P 311M

Basic, robust, entry-level MICR with an all-in-one cartridge

The P 311M is perfect for small offices, banks, credit unions, mortgage and title companies that want quality MICR results and do not need the flexibility of our P 501M.

34 ppm Print speed	5,800 Recommended pages per month, desktop light duty	5,000 Impression MICR toner cartridge included (4% coverage)
------------------------------	--	---

- Paper standard: 250-sheet tray, 50-sheet bypass, 125-sheet output face down.
- MICR and standard toner are switchable.
- Included: printer- or server-resident MICR font and a 5,000-impression MICR toner cartridge (4% coverage).
- The output type is PCL or PostScript® emulation, which is low-cost per page. PDF Direct and IPDS are not available for this printer.
- Secure locking media tray optional.
- Paper options: add up to one paper tray for a total of 2 trays.
- Model details: 34 ppm, 14.6" x 15.4" x 10.3" (W x D x H), 28.7 lbs.

FROM ROSETTA TECHNOLOGIES

Find the right fit

Every printer in our workgroup line comes with guaranteed MICR performance, engineering and service. For more information on these and other solutions, or on our MICR supplies, get in touch.

Tell us your check volume and applications, and we will match the printer to the job.
